### REAL-TIME DATA SERVICE

Magex provides a vending machine real-time management service, thanks to our web-based interface accessible from virtually any kind of device.

You can check real-time selling statistics, stock status, actual stock for every currency denomination.

You will be able to monitor the internal temperature and visualize it in a chart.

## MAGEX PATENTED DISPENSING SYSTEM

Magex vending machines boast unprecedented flexibility in managing **very different items**.

Our **Conveyor patented dispensing system** fits any kind of product, also combining adjacent lanes to move larger products.

End-user can **easily customize lanes** setup to manage effectively any size and shape item to sell.

Moreover, interlocking partitions keep items separate into the same lane.

Our advanced multi-function self-diagnostic tool performs a continuous system health check, starting from lanes operation status before each delivery up to a full system reboot if needed.

## LIFT&BELT DELIVERY SYSTEM

Our internal lift system gently delivers any kind of items in the withdrawal area under the window, avoiding capsize or fall during the delivery process.

**A conveyor belt inside the lift softly moves the item while keeping it upright.**

Magex vending machines are engineered for **delicate, fragile products of any shape** such as glass bottles, hi-tech items, cupcakes, or eggs cases.

If the shopping cart includes **more items**, they will be delivered together.

## SLIDING PANEL

A sliding vandal-proof panel **shuts the floor** behind itself while the window opens to deliver the product.

A sliding panel can be also placed to hide a specific floor with products to be sold only with proof of age.

## EASY 14

### WIDE AND COMFORTABLE WITHDRAWAL AREA

Easy vending machine is our best seller.

Its wide dispensing area is set at a comfortable height of 90 cm from the ground, preventing the consumer to bend down.

It's a very respectful and inclusive vending machine: this high-service area is particularly useful to people with mobility issues and the elderly population.

Furthermore, the central window opens and closes automatically.
